- [e] **Active Members** must complete a minimum number of rostered patrol hours in accordance with the following table to be credited with Active Service for the season:

MONTH IN WHICH MEMBER STARTS PATROLS	MINIMUM PATROL HOUR REQUIREMENTS TO BE CREDITED WITH A SEASON OF ACTIVE SERVICE

While the club will do its best to ensure all members complete all required patrol hours, it is ultimately the member's responsibility that all required hours are completed by the required dates.

12. SUBSTITUTES

If a patrol member is unable to attend/complete his/her rostered patrol, that member must obtain a substitute member with an equivalent qualification to attend/complete their rostered patrol. The member concerned is responsible for arranging the substitute and must notify his/her patrol captain.

If the substitute member does not attend or complete the required patrol hours then the rostered member (not the substitute) is deemed to have 'defaulted' on the patrol. The exception to this is where the members can prove the agreement to substitute in writing.

13. PATROL DEFAULT

If rostered patrol hours are missed without arranging a substitute member, this constitutes a patrol default. The following rules apply:

- [a] The patrolling member is required to make up those hours as soon as possible after the hours were due, but in any case within 4 weeks of the missed patrol.
- [b] If a patrolling member misses 2 consecutive patrols they will be contacted by the DoL in order to determine the cause of the default and to develop remedial strategies.
- [c] Roving patrol members accrue default hours on missing a monthly patrol (see section on Roving Patrols below).

14. 100% PATROL ATTENDANCE

100% Patrol Attendance Award Snow trip eligibility

Patrol 100% of your rostered hours, without change or substitution

The Patrol Efficiency award allows for a maximum of 2 substitutions through the patrol season

- [a] Must complete 100% of rostered hours for the patrolling season.
- [b] If unable to attend their rostered patrol a substitute can be organised on a maximum of 2 occasions through the season. The member must then make up the equivalent patrol hours within 4 weeks of the missed patrol.

Those members who are awarded the 100% patrol attendance award are not also eligible for this award, they qualify for either one or the other.

15. VOLUNTARY PATROLS

Members may volunteer or be requested to attend patrols in addition to their normal rostered patrols in order to supplement the patrol strength at the time. Such patrols will not be credited towards their 100% patrol record but will be credited to their patrol records to satisfy competition eligibility requirements.

16. ROVING PATROLS

Active members may make written application to the DoL for roving patrols if they are unable to regularly attend normal rostered patrols due to personal commitments such as employment. Substitutes are not accessible to roving patrol members.

The grant of 'Roving Patrol' status is not to be assumed and each approval must be obtained in writing before a member can commence roving patrols. If approval is not given for roving patrol status, the reasons for such rejection are to be advised to the member in writing by the DoL.

Roving patrol members must complete the equivalent average hours of patrol duty each month (see table above) as a rostered patrol member is required to complete during that season. This will be calculated prior to the commencement of each season.
